"New Moon Kitchen is an all-natural gourmet bakery that has been devoted to making delicious and healthy baked goods since 1997. Quality is our first priority; we use only the finest ingredients in our products, and bake each cookie to perfection.

We are proud to be the cookie of choice for the health-minded consumer, those with special dietary requirements, and the discerning cookie lover."

My family loves sweets. My husband could be considered a total addict. Since my gastric bypass surgery in May, I have not been able to eat any sweets, because the sugar makes me sick. When I was presented with the opportunity to review cookies from New Moon Kitchen, I was thrilled!

baked with 100% organic spelt flour. All cookies are dairy, egg, peanut, and nut free, and contain no preservatives or trans-fat. They also use only organic raw cane sugar in their cookies (except the granola which is sweetened with maple syrup).

I received a wide variety of cookies to sample for review:

- Chocolate Chip
- Bite Me! The Original – a crunchy cookie full of seeds, oats and raisins
- Lovebites – dark, double chocolate with spicy chipotle pepper, warmed with hints of orange and vanilla
- Goldies – classic oatmeal cookie
- Mokas – espresso, chocolate bits and cinnamon
- MoMints – Brownie-like texture with double chocolate and pure organic peppermint
- Ginger Snappers
- Mackies – Gluten- Free; double chocolate and coconut

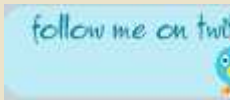

My absolute favorite were the Mokas! I love the taste of chocolate bits with a bit of espresso. My son loved the Chocolate Chip, and my husband said that the Goldies were his favorite. They all were absolutely yummy!

I would highly recommend New Moon Kitchen to anyone who loves sweets! There are so many to choose from, there is bound to be one (or five) that you really love!

BUY IT! You can purchase your own cookies at <http://www.newmoonkitchen.com/>.

WIN IT! New Moon Kitchen has generously offered to give one lucky reader 2 regular size boxes, and 2 snack size packages of cookies! Yum!
